## 2026 MEGA RAFFLE

### Invitation to support our fundraising efforts

Mentone Girls' Secondary College is one of just five remaining non-select entry **government** girls' schools in Victoria, and the only one in Melbourne's south-east.

We are reaching out to the local and broader community with a request to support our 2026 fundraising efforts by contributing to the **2026 MEGA Raffle**. Funds raised will go towards the fitout and landscaping of *'The Studio'*, a new building overlooking the oval, due to be completed in August this year. The Studio is designed for creativity, physical education and wellbeing. It is an important and exciting addition to MGSC's learning environment.

We are seeking support in one of three ways:

- A major sponsor donation - donate cash (>\$1000) and have a prize named after your business.
- Donations of items, vouchers, services, and experiences (with a value of >\$250) as prizes
- Smaller cash donations which will be combined to purchase major prizes.

Through your donation, your business will be accessing

- A student community of 1100+ students and their parents, carers and families
- A committed and involved alumni, including students from the class of 1955!

The MEGA Raffle will be actively promoted in the wider south-east community. All donations will be acknowledged on promotional material and communications, at ticket sale points, newsletters, and social media.

The raffle will be launched in June and drawn in late August.

The MGSC community would be grateful if you would consider this opportunity and welcome hearing from you **by 31 May 2026**. Thank you for considering supporting our MEGA Raffle. We greatly value the connection between our school and local businesses.

Hayley Dureau  
Assistant Principal
